

## MondoFunctional standard module for flooring orders

MondoFunctional is a modular system adapting to any room size; the standard solution is 9,135m x 9,11m.

It consists in 4 areas developed for several fitness workouts; any single area has been developed by our R&D department to ensure the proper biomechanics according to the activity related to its fitness destination.

The areas and products are:

- **Movement=Ramflex** 10 mm thickness  
Color: Grey 707 with red inlaid markings  
Tiles 0,9135 m  
One SKU (Stock Keeping Unit) consists in a 4 tiles box
- **Performance=Mondotrack** 8 mm thickness  
Color: Blue P85, precoupled with Everlay A 1,2mm, Rolls 9,135m.  
One SKU (Stock Keeping Unit) consists in a single 9,135x0,90 roll
- **Strenght=Ramflex** 10 mm thickness  
Color:Black 790  
Tiles 0,9135 m  
One SKU consist in a 4 tiles box
- **Mobility/Stability=MondoArmor** 10 mm thickness  
Color: Red ME21 precoupled with Everlay B,  
Tiles 0,914 m  
One SKU (Stock Keeping Unit) consists in a 4 tile box

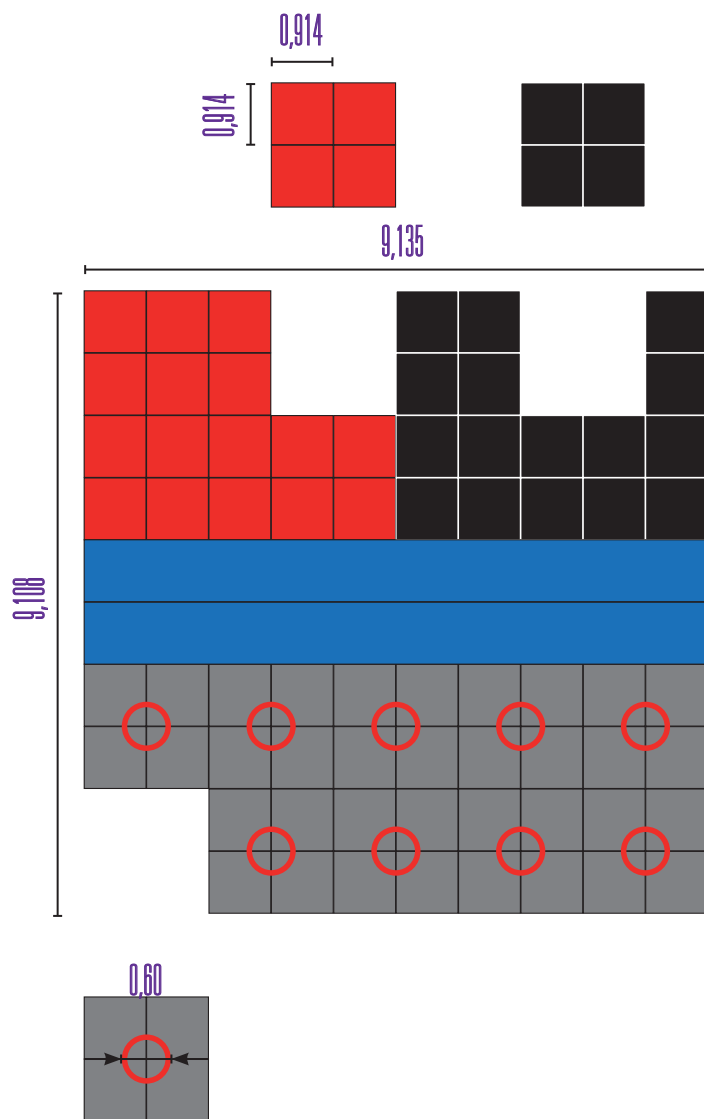

# Ordering guide

The single SKU (Stock Keeping Unit) (Performance excluded) indicates a workout area (space allowing one user to workout).

Performance lane is a workout zone for all the users on the Mondofunctional or allowing to host up to 10 users more.

Any single SKU (Performance excluded) is 1,827x1,827 (unità di misura?).

Please see the example to understand how to order a custom module.

# Example: customer with a 7,32m x 8,2m fitness room

Should order:

- 4 Mobility/Stability SKU
- 4 Strength SKU
- 8 Movement SKU
- 1 Performance SKU

and the layout of the installation will be as the following example:
